

There's more to *protecting* your mattress than sheets

Proper care of your new mattress will help prolong the life and allow more even wear.

- ✓ **Don't Remove The Law Tag!**
A mattress without the proper law tag has no warranty!
- ✓ **Use A Mattress Protector**
The proper use of a mattress protector will keep stains off of your mattress.
Stains of any kind or size will void the manufacturer's warranty.
- ✓ **Rotate Your Mattress**
It is recommended that you rotate your mattress from end to end periodically to allow for more even wear and to increase its comfort life.
- ✓ **Use A Proper Foundation or Base**
Putting a new mattress on a defective or old foundation could void your manufacturer's warranty.
- ✓ **Use A Proper Frame/Support**
Poor support is the #1 cause of sagging and can damage your mattress and void your warranty.
- ✓ **Adjustable Base**
Today's adjustable friendly mattresses can enhance your comfort and support; as well as improve healthy posture, pressure relief, proper circulation and reduce snoring.

Body Impressions vs Sagging

Body impressions (or comfort impressions) are a normal characteristic of premium bedding and indicative that the comfort layers inside the mattress are conforming to your body. Rotating your mattress periodically can allow for more even wear. Sagging is usually the result of a mattress that is not supported properly by a matching foundation and a frame.

100 Day Sleep Guarantee

It is important to BlvdHome that you sleep well on your new mattress and it takes time to adjust to a new sleep surface.

If you are not comfortable with your new mattress purchase after having met the following conditions:

- Purchase of a BlvdHome mattress protector
- Be pressure mapped on our SleepCast System
- Sleep on new mattress for at least 30 nights

You will then have 70 days to complete the exchange of your mattress.

This exchange is a one-time only courtesy reselect. There are no refunds on mattress purchases. If the reselected mattress is of greater value, you would be responsible for any increase in the price.

Reselects will only be made after the 30-night adjustment period and the mattress must be smoke & odor-free, in original stain-free sanitary condition. A process and handling fee of \$100 will apply on mattress exchanges within our local delivery area. ***Special sizes such as split cal-king, split head, twin XL, adjustable bases, toppers/pads, pillows, sheets and mattress protectors are not returnable.*** Guarantee is for mattresses \$799 or more.
