STYLE STORY

Our customer wanted a black and white kitchen in her new home. However, she told Appliance Center designer Micki E. that she didn't want a typical kitchen. She wanted touches of gold and a unique look.

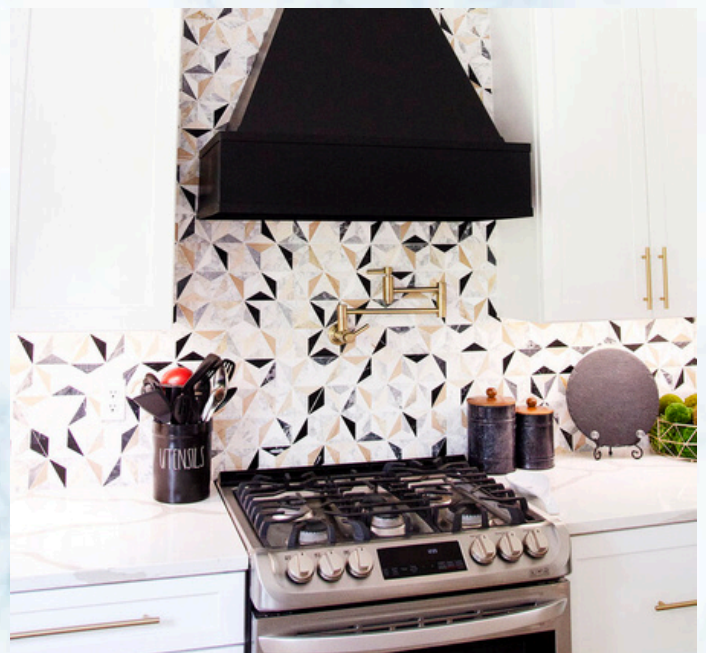

DESIGN TRENDS

- Ⓐ WATERFALL COUNTERTOP
- Ⓑ GEOMETRIC TILE
- Ⓒ BEVERAGE CENTER

Micki let her imagination run free when she created a rendering based on her design. Emily was impressed with where Micki placed the kitchen island and loved the creative backsplash.

She did have a few design tweaks of her own. The homeowner wanted a waterfall edge, black farmhouse sink, and a beverage station along with a pot filler over the stove.

MEET OUR DESIGN TEAM

I wanted to share what a great experience we had with working with Micki at Appliance center in Maumee. We have been working on a project for several months now, and Micki has been patient and helpful every step of the way. From using her expertise in laying out our cabinet design, to delivery of finished cabinets. Answering all of our questions, and always being available for consultation. If anyone is looking for help with a new project layout, or renovation We would highly recommend Micki Evans at Appliance Center.

Daryl and Micki helped us complete our dream kitchen. Because of their attention to detail and OUTSTANDING CUSTOMER SERVICE our project finished up worry free. I highly recommend them for your kitchen design and service.

Daryl is the absolute BEST! He took great care of us, worked with us to create our kitchen renovation to perfection, was responsive, helpful and wonderful to work with. We appreciate his expertise and eye for design. Having everything go through Appliance Center was a dream vs having to run all over town. Everything is quality and professional. Great experience!!! Thank you for your care and your time with us.

DESIGNER SPOTLIGHT

What are five things we should know about you?

I am in my 30th year of doing kitchen design. I have completed thousands of projects over the years.

I have a mathematics and art degree and got a job at a home improvement store in cabinet department part time during college and then decided to stay

I have a love of dogs and have many as pets.

I am a huge Hockey Fan and Really LOVE the Toledo Walleye. I have been a season ticket holder on the glass for 15 years.

I love to cook and try new recipes. I'm a maximalist and love thrifting.

What's your favorite part of designing?

Clients that are so happy and grateful for their end results.

I love making their dream kitchens a reality.

What's your favorite design project you've completed recently?

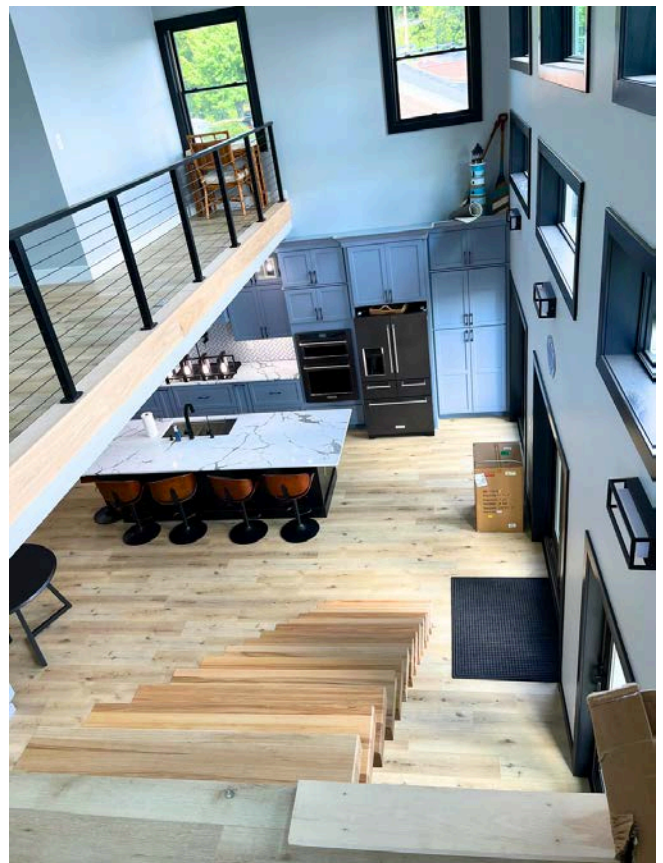

I have many many projects I have worked on that have turned out great, but this NATION LAKE HOUSE, turned out exactly like the renderings... Its pretty cool

DARYL R.

KITCHEN DESIGNER

DESIGNER SPOTLIGHT

How did you get started in kitchen design?

True story... I interviewed with a home improvement store when I was 21.

They always asked what position you would like to see yourself in, if you were to move up in the company. I immediately said "I want to design kitchens"

The store manager at the time let me know that was a coveted position and rarely had openings... I told her... I WILL do that someday.

It took ten years before I had the opportunity, but now I'm in my 10th year of kitchen design and I love it.

What's your favorite part of designing?

100% Remodels!

I LOVE renovations! The more dramatic the before and after, the better!

My goal is to show you something you never dreamed was a possibility... Then making that dream come to life.

What's something people should know about you?

I'm a huge animal lover.

I used to manage a pet store. I've had almost every kind of pet you can think of.

My Quaker parrot was one of the oldest on record. He lived to 41! I got him when we were both 19.

What are your hobbies?

Photography has always been a hobby I've enjoyed.

One of my absolute favorite things to do is to take my dogs for their nightly walk. They get to exercise and I get to enjoy and photograph some beautiful sunsets.

It's my serenity.

CREATING YOUR DREAM KITCHEN

You've thought about it, talked about it, maybe even pinned a thousand ideas.

Now it's time to bring your dream kitchen to life. Appliance Center makes it easy—and affordable. With award-winning designers, the area's largest selection of top brands, and our guarantee of the lowest prices, we'll help you design a kitchen that's as functional as it is beautiful.

Plus, it all starts with a FREE in-home measure, design consultation, and estimate, so you can begin your journey without spending a dime.

WHERE TO BEGIN

Before diving into cabinet styles or countertop samples, start with a clear plan. Here's what to consider:

1. Budget

Expect to invest 5–15% of your home's value in a kitchen remodel. Prioritize where to splurge—appliances, cabinetry, or countertops—and where to save. A transparent budget helps your designer align selections with your vision.

2. Size of Space

Your kitchen's square footage drives the layout. Will it fit an island? Is there space for a pantry, a prep sink, or additional seating? Even in small kitchens, every inch counts.

3. Existing Layout

Don't feel limited by your current footprint. Whether you're opening a wall, expanding the space, or working around windows and doors, our team can help you reimagine the layout to improve flow, function, and storage.

4. Lifestyle Needs

Are you a gourmet cook? Do you host large gatherings or prefer quiet mornings with coffee? Your kitchen should fit the way you live—today and tomorrow. Share your habits with your designer so they can tailor your space to support them.

CABINETRY

Discover the heart of your dream kitchen in our Design Center, where we proudly offer top cabinetry brands like Schrock, Waypoint, Omega, Kith, and J & K. These trusted names deliver a perfect blend of beauty and durability, with styles ranging from timeless classics to modern sophistication.
