

# What's Really in Your Water?

## If You've Never Had Your Water Tested, You Might Be Surprised.

Hard water, chlorine, sediment, mystery odors — it all adds up. You deserve better.

A professionally installed water treatment system can:

- ✓ Protect your appliances and plumbing
- ✓ Reduce spots, buildup, and staining
- ✓ Help your skin and hair feel softer
- ✓ Improve the taste and smell of your water

Did you know we sell and install hot water heaters?
