

Briarwood Bed Options

When selecting the ideal bed for your space, you seek more than just expert craftsmanship, durability, and beauty; you desire options. At Briarwood, we understand this, which is why we offer our beds in a diverse range of sizes, from Twin to California King. Beyond size variety, our beds feature storage and footboard options. Adding side rail or footboard drawers is an excellent way to boost your room's storage capacity without sacrificing floor space.

High footboards provide a traditional aesthetic, offering support and structure, while low footboards deliver a contemporary, minimalist look and allow for access from all sides of the bed.

1799 Carson Reed

Bedroom Collection

In 1799, Carson Reed, the son of farmer and soldier John Reed, discovered a 17-pound yellow "rock" in North Carolina, later identified as a large gold nugget. This collection pays homage to this story through its natural beauty and robust appearance. Experience the rewards of a hard day's work as you relax into this exceptional furniture.

1849 Gold Rush

Bedroom Collection

Sparked by the discovery of gold nuggets, the California Gold Rush of 1849 shaped history in the early 19th century. This collection honors the tenacity, spirit, and toughness of that time. Built of solid American hardwoods these pieces, just like shimmering gold, are full of richness and natural beauty.

1870 Hand Joinery

Bedroom Collection

In 1870, Charles Knap patented the dovetail machine. The dovetail joint is extremely strong and when perfectly fit and glued by a skilled craftsman, is nearly impossible to break. This collection features dovetail joints and square walnut dowels to create impressively solid pieces.

1765 Jack & Jill

Bedroom Collection

The nursery rhyme Jack & Jill was first published in 1765 and remains a classic today. Inspired by it's ability to stand the test of time this collection is built to last. Each piece is constructed using traditional mortise and tennon joinery, walnut dowels, and breadboard end tops. Just like the memorable rhyme, this is furniture you will never forget.

1633 Town Hall

Bedroom Collection

The very first town hall in the U.S. was established in 1633. A place where people gathered to make decisions for the general good. This collection brings together strong American hardwoods using classic techniques blended with modern styling. This is furniture that tells a story and makes an impactful and memorable statement.

1947 Parkwyn

Bedroom Collection

In 1947, Frank Lloyd Wright designed Parkwyn Village in Kalamazoo, Michigan, based on a concept he called Usonian - a style of housing for middle-class families. This collection embodies the essence of affordable elegance, mirroring Wright's vision for redefining living spaces. Crafted with sleek lines and functional design, each piece captures the timeless appeal of mid-century modernism, making it both stylish and accessible for today's homes.
