

YOUNG's is your chosen leader in HOME FURNISHINGS.

For generations, we've either placed first or finalist in the categories we're listed in. Whether you are shopping for Appliances, Electronics, Flooring, Furniture, or Mattresses, you can rest assured that we are here for you, and plan to be your retailer of choice.

Thank you from our Young's Staff!

From our management team, to CSR's, sales staff, technicians, warehouse and delivery crews. We're as local as you can get, having started in downtown Alpena as BR Young Hardware in 1900. We are growing the business on US 23 South, by way of adding warehousing capability, and adding delivery trucks and routes.

The shining star is our WWW.YOUNGAPPLIANCE.COM website. Check it out for content and pricing which is posted at the lowest allowable price on all categories. The main showroom on US 23 South is stocked and beautiful, and has more selection than anyone in our area. Whether it's furniture, mattresses, appliances or electronics, you'll find something just right for your needs.

Thanks for buying local, and from all of the team here, MERRY CHRISTMAS!
Bob & Naoko Young, and the entire YOUNG's family
